

DELIVERY/DRA ROLLER

Cover Type:	Rubber
Possible applications:	Textile Industry- Sizing of Yarns
Hardness Range:	70 , 75 +/-5 Shore A
Available Colours:	Black
Recommended Cover Thickness:	Min 10 mm - Max 15 mm
Temperature resistance:	Continuous 90°C/Peak 110°C
Properties and advantages:	Excellent chemical resistance to sizing products. Excellent mechanical properties, abrasion and tear resistance. Blended polymer compound perfect for sizing. Good temperature resistance. High stability of hardness. Very durable and long life compound.
Recommended cleaning products:	Most industrial cleaners, water, alcohol based cleaners
